Good Morning!

Just wanted to keep you in the loop that sometime next week, I will send you the proposed itinerary for your on site visit on June 18th - I am currently finalizing details.

Also, is it possible to cancel the meeting on Thursday June 20th at 12:30PM by chance? Since you all are coming on the 18th, we will probably go over everything for that week.

Also, Joe will be in Chicago for a DHL Board meeting so he won't be able to attend.

Please let me know if you have any questions or concerns. Thanks!

Hi Brandi,

Thanks so much for your help coordinating our visit.

We are planning to fly in the previous evening so we are able to arrive any time on the 18th. We are hoping to actually spend a few hours at the Authentication Center [REDACTED] I think 2-3 hours should be good. Based on that, we are happy to go to the Authentication Center first and then meet with leadership at the office, or start at the office – let us know what works best for everyone's day. I believe the team is also setting up a forecasting session with outside experts (I think this is what you all typically host on Fridays) while we're there – not sure how long those typically run for but that will probably need to be fit into the day.

So overall we need:

2-3 hours at the Authentication Center

2-3 hours for meetings with leadership at the office

X hours for forecasting session (let us know how long these usually last)

We are totally fine with however you want to arrange the day to work best for everyone. Let us know if you have any questions about these pieces that we can help clarify.

We are still determining who from our team will be joining, but it will definitely be me (Callista Michael-Rill) and Isaiah Steinfeld. If other team members are added to the trip I will update you with their information.

Thanks again!

Callista

Please let me know the following:

- What time is good for you all to come - we are flexible to move our schedules if needed

- Joe (Operations)

I will also include a tour to the StockX Authentication Center in Detroit.
